Texas A&M AgriLife Extension Service Mission:

Improving the lives of people, businesses, and communities across Texas and beyond through high-quality, relevant education.

Texas A&M AgriLife Extension Service and Blinn College in partnership with Workforce Education will offer a Structural Technician Apprentice/Applicator Certification Training Course to satisfy the Texas Structural Pest Control Service’s licensing requirements for individuals wishing to work in the Pesticide Applicator Pest Control Field.

The class will include 20 hours of classroom training, 8 hours of Technician Training, and 8 hours of Pest Category training.

Additionally, this course will offer 40 hours of On The Job Practical training in order to seek your pesticide Technician or Non-Commercial (including Governmental employees) license.

To learn more about this exciting new offer, contact Ms. Gayla Briles, Blinn College Workforce Education at: www.blinn.edu, 979-209-7205, or gayla.briles@blinn.edu.
Meet Our Trainers:

Dr. Don L. Renchie

A 5th generation native of Bryan, Texas, Dr. Don Renchie grew up in the Brazos County 4-H programs. He holds a BS in Animal Science from Prairie View A&M University and a MS and Ph.D. in Ag. Ed. from Texas A&M University. Don worked in the agricultural chemical supply industry and for the Texas Department of Agriculture.

Since 1993, Don has been a member of the Texas Agricultural and Environmental Safety Unit. He is the Program Leader of the Agricultural and Environmental Safety Unit, an Extension Specialist and Coordinator for the Pesticide Safety Education Training Program.

Dr. Mark Matocha

Dr. Mark Matocha has been with the Agricultural and Environmental Safety Unit since 2001. He holds a Ph.D. from Texas A&M in Agronomy, specializing in weed science. He has more than 10 years experience in the pest management field specializing in herbicides and weed control. He has conducted weed control research in turfgrass, pasture, peanut, corn, sorghum, cotton, vegetables, citrus, and sugarcane. He has authored several Extension publications and conducts educational meetings dealing with pesticide safety and education, agronomy, and weed control.

Mark also serves as the IR-4 Liaison for Texas - coordinating a multi-state minor use pesticide advisory committee which is responsible for identifying and prioritizing minor use pesticide needs for Texas and surrounding states. Mark has been a licensed Texas Department of Agriculture Non-Commercial Pesticide Applicator since 1997.

Additional copies of this order form (always current) can be found at: http://agrilife.org/aes/manual-order-forms/
Meet Our Newest Trainer:

Dr. Janis Reed earned a BS, an MS and a Ph.D. all from Texas A&M University in Entomology. She joined the Agricultural and Environmental Safety unit in 2013. Prior to working for Texas A&M AgriLife Extension Service, she was the technical director for a large pest management company where her work was focused on applicator training and safety. During her time in the industry, Janis helped to developed protocols to control termites, bed bugs, tawny crazy ants, Argentine ants, ghost ants, fabric pests, and others. She field tested new and experimental use pesticides while in the review process with the EPA and selected pesticide products for use. Her research and specialization focus is on urban pest ants, bait preferences, and general pest management.

Janis is an active member of the Entomological Society of America, a Board Certified Entomologist, and has been a licensed pest control applicator since 2000 in pest control, termite control, lawn and ornamental pest control, and weed control.

Dr. Janis Reed
Additional forms for ordering the Structural Pest Control Service Category manuals, with always up to date pricing, can be found at: http://agrilife.org/aes/manual-order-forms/

General Standards Training

This training will satisfy the Structural Pest Control Service’s requirements for certification of Commercial/Non-commercial and Technician licensing of pesticide applicators (8 hours of training). This is the General training, and not a category training. In addition, while the Texas Department of Agriculture does not require training as a condition of licensure, this class will prepare license applicants for the TDA General examination. Please notify the affected employees within your organization.

Please note: This training can be used to satisfy the 8 hour recertification training requirement for Technicians.

Check our website for maps and list of nearby hotels http://agrilife.org/aes/maps-to-training-locations/

Listed to the right are the locations and dates for the Structural Pest Applicator Training (commercial, non-commercial and technician). The class is 8:00 a.m. to 5:00 p.m. with an hour lunch (lunch is not provided). Deadline for registration is one week prior to training date. Registration is $150.00 per person (Fee includes study manual General Standards - B-5073, and Structural Laws & Regs - B-6135). Register online at https://agriliferegister.tamu.edu, or call (979) 845-2604.

The Texas Department of Agriculture has implemented a new computer-based testing program for structural pesticide applicators. Please contact the Structural Pest Control Service at (512) 305-8250 or (866) 918-4481. Applicants must now be pre-qualified by TDA prior to registering to take examinations with PSI Services.

For best test results, order your additional category manuals in advance. Please make separate payment if ordering additional manuals. To order manuals over the phone, call Jennifer at 979-845-1099.

The Available Dates for 2014 are:

- Houston - 3033 Bear Creek Dr.
  - February 20, 2014

  - June 11, 2014
Orders are shipped within 2 working days of receipt. Call 979-845-1099 to inquire about your order or to place a telephone order using Master Card or Visa. We cannot accept American Express or Discover at this time. We can accept purchase orders from State, Government, and School agencies only.

To inquire about license requirements and exams, contact the Texas Structural Pest Control Service (SPCS) at (866) 918-4481. For new order forms, or information about upcoming classes, check out our website at: <www-aes.tamu.edu>. For more information about the SPCS, try their website at: <http://www.texasagriculture.gov/RegulatoryPrograms/Pesticides.aspx>.

As an education agency, the Texas A&M AgriLife Extension Service may have programs that meet your certification training and continuing education needs, particularly for agricultural applicators. Check your county government telephone listings to find the local Extension county office. To learn of other approved training organizations, contact the agency through which you are licensed.

Mail this order form and your check or money order, payable to the Texas A&M AgriLife Extension Service, to: Texas A&M AgriLife Extension Service, P.O. Drawer FS, College Station, TX 77841. Orders are shipped within 2 working days of receipt. Call 979-845-1099 to inquire about your order or to place a telephone order using Master Card or Visa. We cannot accept American Express or Discover at this time. We can accept purchase orders from State, Government, and School agencies only.

To inquire about license requirements and exams, contact the Texas Structural Pest Control Service (SPCS) at (866) 918-4481. For new order forms, or information about upcoming classes, check out our website at: <www-aes.tamu.edu>. For more information about the SPCS, try their website at: <http://www.texasagriculture.gov/RegulatoryPrograms/Pesticides.aspx>.

You can now provide your technician apprentices and other employees with an opportunity to receive 20 hours of in-depth, hands-on training relating to the 20 hours of "Classroom" training required by the Texas Structural Pest Control Service, effective September 1, 2000.

This program will exceed the minimum 20 hours required to satisfy the apprenticeship classroom training as established by Section 7.133 (b) (1) of the Texas Structural Pest Control Act.

In addition, untrained personnel from local and state governments, industry, and institutions (such as school districts) will benefit greatly from participation in this training program.

Prepare your pest management personnel to be successful professionals, register today! Register online at https://agriliferegister.tamu.edu/pesticide, or call (979) 845-2604. If you have additional questions, contact Denise King at (979) 845-3849.

Cost per participant: $300.00, (including study materials and Apprentice manual). Lunch will be served each day. Participants can leave the site and get lunch on their own but there will not be a price reduction for this.

The 3 Day Apprentice Training will be conducted at Texas A&M University’s Riverside Training complex in Bryan, Texas. A map and list of area hotels will be provided upon registration.

The Available Dates for 2014 are:

- February 25-27, 2014
- April 8-10, 2014
- August 12-14, 2014
- November 4-6, 2014

Bryan/College Station location only

Larger scale map can be found on our website, along with a list of nearby hotels.

For College Station date availability, call Jennifer at 979-845-1099 or Denise at 979-845-3849.

If you are interested in an Agricultural Category that is not listed here, call Jennifer (979-845-1099) for possibilities.

Check www-aes.tamu.edu for the most current training information, including the possibility of new Structural Category trainings in 2014.

Lawn & Ornamental Category Training

Lawn and ornamental pest control represents a very large portion of urban pesticide use. As urban areas continue to expand and homeowners continue to desire attractive lawns and landscapes, the use of pesticides to control plant pests has continued to grow. The use of pesticides to control insects and diseases in home and other landscapes is a serious business, one that requires a wide knowledge of the pests as well as some understanding of pesticides and their proper use.

This 8 hour course is designed to satisfy the SPCS Apprentice Training Requirements as specified in Section 7.133(h)(2) “8 hours of classroom training in each category in which the apprentice is to provide pest control services”. The $100.00 course can also be taken by other SPCS applicators to increase their knowledge in the subject area.

Pest Category Training

This 8 hour course is designed to satisfy the Apprentice Training Requirements as specified in Section 7.133(h)(2) “8 hours of classroom training in each category in which the Apprentice is to provide pest control services”. In addition, the course can be used to prepare for the Structural Pest Control Pest category examination.

The $130 course includes the required category training manual (B-5074), a $35 value, and online instruction. The manual will be mailed separately, please call Jennifer Makerney at 979-845-1099 with a physical shipping address when you register for this course.

Termite Category Training

This 8 hour course is designed to satisfy the Apprentice Training Requirements as specified in Section 7.133(h)(2) “8 hours of classroom training in each category in which the Apprentice is to provide pest control services”. In addition, the course can be used to prepare for the Structural Pest Control Termite category examination.

The $130 course includes the required category training manual (B-5075), a $25 value, and online instruction. The manual will be mailed separately, please call Jennifer Makerney at 979-845-1099 with a physical shipping address when you register for this course.

For more information, call: Jennifer (979-845-1099) or Denise (979-845-3849)
3 Day Apprentice Training

You can now provide your technician apprentices and other employees with an opportunity to receive 20 hours of in-depth, hands-on training relating to the 20 hours of "Classroom" training required by the Texas Structural Pest Control Service, effective September 1, 2000.

This program will exceed the minimum 20 hours required to satisfy the apprenticeship classroom training as established by Section 7.133 (b) (1) of the Texas Structural Pest Control Act.

In addition, untrained personnel from local and state governments, industry, and institutions (such as school districts) will benefit greatly from participation in this training program.

Prepare your pest management personnel to be successful professionals, register today! Register online at https://agriliferegister.tamu.edu/pesticide, or call (979) 845-2604. If you have additional questions, contact Denise King at (979) 845-3849.

The Available Dates for 2014 are:

February 25-27, 2014
April 8-10, 2014
August 12-14, 2014
November 4-6, 2014

Bryan/College Station location only

Shipping & Handling (standard FedEx 3-5 day delivery) $10.00

Mail this order form and your check or money order, payable to the Texas A&M AgriLife Extension Service, to: Texas A&M AgriLife Extension Service, P.O. Drawer FS, College Station, TX 77841

Orders are shipped within 2 working days of receipt. Call 979-845-1099 to inquire about your order or to place a telephone order using Master Card or Visa. We cannot accept American Express or Discover at this time. We can accept purchase orders from State, Government, and School agencies only.

To inquire about license requirements and exams, contact the Texas Structural Pest Control Service (SPCS) at (866) 918-4481. For new order forms, or information about upcoming classes, check our website at: <www-aes.tamu.edu>. For more information about the SPCS, try their website at: <http://www.texasagriculture.gov/RegulatoryPrograms/Pesticides.aspx>.

As an education agency, the Texas A&M AgriLife Extension Service may have programs that meet your certification training and continuing education needs, particularly for agricultural applicators. Check your county government telephone listings to find the local Extension county office. To learn of other approved training organizations, contact the agency through which you are licensed.

The Texas A&M University System, U.S. Department of Agriculture, and the County Commissioners Courts of Texas Cooperating.

Educational programs of the Texas A&M AgriLife Extension Service are open to all people without regard to race, color, sex, disability, religion, age or national origin.
Meet Our Newest Trainer:

Dr. Janis Reed earned a BS, an MS and a Ph.D. all from Texas A&M University in Entomology. She joined the Agricultural and Environmental Safety unit in 2013. Prior to working for Texas AgriLife, she was the technical director for a large pest management company where her work was focused on applicator training and safety. During her time in the industry, Janis helped to develop protocols to control termites, bed bugs, tawny crazy ants, argentine ants, ghost ants, fabric pests, and others. She field tested new and experimental use pesticides while in the review process with the EPA and selected pesticide products for use. Her research and specialization focus is on urban pests and pest management.

Janis is an active member of the Entomological Society of America, is a Board Certified Entomologist and has been a licensed pesticide applicator since 2000.
Texas A&M AgriLife Extension
Service Mission:

Improving the lives of people, businesses, and communities across Texas and beyond through high-quality, relevant education.

How Do I Get CEUs?

CEUs are a legal requirement for keeping your pesticide license. You can always contact your local County Extension agent for CEU opportunities, but the Texas Department of Agriculture also has a website where you can search for CEU providers across the state, or in your specific area.

You can find the CEU search at: http://ceusearch.texasagriculture.gov/
