13. Team Roping. Each 4-H member enters as an individual and may only enter once. The partner can be any 4-H member (from the region) who also is entered in the Team Roping class and may help as many times as needed.

14. Ranch Sorting. 4-H members participating in this event can be a member of only one team and that team will compete with one go-round with the opportunity to advance to a final round. All team members must be listed on each entry on 4-H Connect and each team sorter’s entry must be consistent in listing team partners. Teams can be formed from different counties but all team members must be from the same district. “Unknown”, “To be determined”, or the similar wording is not acceptable, and in such case the entry will be returned to the member for corrections. AQHA rules for Ranch Sorting will be adopted. Two member teams sort 10 head of cattle in order from one pen to the next. “Sorter” and gate person can switch positions. There will be a 60-second time limit. Fastest times on the most number of cattle sorted will be the winner. There will be a 1st go and finals.

15. Non Division Classes. Since Cow Boxing and Hunter Hack are non-division classes, only class awards will be given.

16. Jackpots. For an additional \$10 cash payment (per class) on site and at least thirty-minutes before the class, 4-H members can enter the classes listed to the right for jackpot cash. Exhibitors must also be entered in each class on 4-H Connect. The official class run will determine the placing for both the class and the jackpot.

19. Coggins. In accordance with Texas state law, a negative EIA (Equine Infectious Anemia, also called "Coggins" or "Swamp Fever") test is required within the previous 12 months prior to entering a show. To check in and receive your show credentials you must have and present to show officials a current negative EIA test that is valid through the show. If a current EIA certificate (or Coggins) is not provided at check in, the horse(s) will not be allowed to unload.

20. Exhibitor Packets. Individual contestants are required to pick up their contestant packet at the registration area prior to showing.

21. Working Order. The working orders for performance classes are drawn randomly and printed in the official show program. Events are scheduled in the most logical sequence considering contestants showing a horse in more than one event.

Participants and their parents are responsible for keeping track of working orders and being in line or in the makeup area when their run or heat time arrives. If participants miss their heat or run, they will FORFEIT THEIR RUN IN THE CLASS MISSED UNLESS THE CLASS SUPERINTENDENT IS NOTIFIED OF AN *UN-PREVENTABLE EMERGENCY* BEFORE THE TIME TO WORK HAS PASSED. REQUESTS FOR CHANGES NEED TO BE MADE AS EARLY AS POSSIBLE.

22. Speed Event Gates. For speed events except the Stakes Race, participants and horses will be allowed to exit through the alley. A gate will be closed behind the alley between it and the barn. However, if a participant wishes to have the arena gate closed during his run, he must let the class coordinators/gate men know. It will be the option of the participant to run with an open or closed arena gate. The alley gate will be closed.

23. Roping Go's. Team Ropers, Calf Ropers, and Break-away Ropers will have one full go, with no more than 10 entries advancing to a final round. We will rope until the class buckle is awarded.

24. Electronic devices. Walkie-talkies, cell phones, ear pieces, and the like may not be used by contestants during competition. Exception: Aides for the hearing impaired.
