2016 National Beef Quality Audit – Fed Cattle

Knots, Horns, Warts Data Sheet – *Protocol*

- Please use blue pen when filling out data sheets.
- Sample 50% of each lot.
- For individual ID, circle all that apply.
- There is a ruler along the datasheet to help size horns.
- Recorders should only evaluate carcasses touching the floor or equipment on a stationary floor. Thus, touching the moving viscera table would not be recorded as “Y.”
- Please start different lots on a new page.
